

ARENA FAMILIARISATION

POINTS TO NOTE

- Sunday to Saturday (dawn to dark): Work Arenas will be available & 5 lunging yards.
- Lunging is only permitted in the designated lunging yards – under no circumstances is lunging to be carried out in the Indoor or Practice Arenas.
- Indoor Arena Familiarisation will be available from Monday to Saturday in accordance with the following schedule. Riders are requested to always exercise courtesy and caution whilst in the Indoor Arena.
- Show Officials will monitor the number of horses exercising at any one time. These sessions are to **familiarise horses with the Arena atmosphere**, and we encourage competitors to work horses in the designated areas outside to avoid overcrowding.
- No spectators, trainers or unmounted riders are allowed in the Indoor Arena during Arena Familiarisation (except for Leading Rein Handlers during specified times). This rule will be strictly policed by Show Officials to comply with Occupational Health & Safety Regulations.
- The Marshalling Yard is not to be used for the exercising of horses at any time.

Please be aware that the Indoor Arena & Marshalling Yard have an international standard surface – all manure must be removed as quickly as possible to prevent damage to the surface. Please be mindful of persons who may enter these areas to keep the surface clean.
